

**ASSISTANT PROFESSOR**  
**Department of Chemistry**  
**ARTS AND SCIENCE**  
**New York University**

The Department of Chemistry at New York University (NYU) invites applications for several tenure-track faculty positions in all areas of **Chemistry** and **Biochemistry**, subject to final administrative approval. Successful candidates must have a Ph.D. in chemistry or related field and demonstrate the potential to do pioneering research and to teach effectively at the undergraduate and graduate levels. The positions are anticipated to be at the junior level, although exceptional senior level candidates will be considered. The Department of Chemistry is continuing a significant growth plan, including the creation of the Biomedical Chemistry Institute, the Molecular Design Institute, and the addition of numerous senior and junior faculty members. Interested faculty are able to participate in significant interdisciplinary programs within the Washington Square campus, as well as with NYU's engineering and medical schools, and scholarly activities at its campuses in Shanghai and Abu Dhabi.

Candidates should submit a curriculum vitae, a detailed description of research plans and interests, and a statement of teaching experience and interests. The application should include three letters of recommendation. Review of complete applications will begin September 29, 2017. The anticipated start date is September 1, 2018. Please submit applications through our web portal using the following link: <http://as.nyu.edu/chemistry/recruitment.html>. Questions about this position can be sent by Email to [chemistry.search@nyu.edu](mailto:chemistry.search@nyu.edu).

The Faculty of Arts and Science at NYU is at the heart of a leading research university that spans the globe. We seek scholars of the highest caliber, who embody the diversity of the United States as well as the global society in which we live. We strongly encourage applications from women, racial and ethnic minorities, and other individuals who are under-represented in the profession, across color, creed, race, ethnic and national origin, physical ability, gender and sexual identity, or any other legally protected basis. NYU affirms the value of differing perspectives on the world as we strive to build the strongest possible university with the widest reach. To learn more about the FAS commitment to diversity, equality and inclusion, please read here: (<http://as.nyu.edu/content/nyu-as/as/administrative-resources/office/dean/diversity-initiative.html>).
