Assistant Professor of Organic Chemistry and Biochemistry

Baker University began its liberal arts tradition in 1858 as the first university in Kansas. The campus is located 45 minutes west of Kansas City and 15 minutes south of Lawrence, Kansas. The chemistry laboratories are located in a recently renovated science building, and we are fortunate to be able to provide funding for student research projects.

The Department of Biology and Chemistry at Baker University invites applications for a tenure-track assistant professor position starting August, 2021. Teaching responsibilities include Organic Chemistry with labs and Biochemistry. Experience with chemical instrumentation is a plus. Contribution to the general education program by teaching science to non-majors is expected. The successful applicant will also be expected to mentor undergraduate research projects in his or her area of expertise, participate in academic advising of students, serve the university through committee work, and demonstrate a commitment to continued professional development and teaching excellence.

Qualifications: A PhD in either organic chemistry or biochemistry is required. Postdoctoral experience is viewed as an advantage. The successful candidate should have demonstrated an interest in and an aptitude for teaching undergraduates.

To apply, please visit https://www.bakerU.edu. Applications should include a cover letter, undergraduate and graduate transcripts, statements of teaching philosophy and research interests, curriculum vitae, and evidence of teaching effectiveness. Arrange to have sent three confidential letters of recommendation (including phone numbers and email addresses of references, at least one of which addresses teaching ability) to employment@wildcat.bakeru.edu or Human Resources, Baker University, PO Box 65, Baldwin City, Kansas 66006 with attention to Dr. Jamin W. Perry, Chair of the Search Committee. Please send attachments in Adobe PDF format. Review of applications will begin February 15, 2021 and continue until the position is filled.

Baker University is an Equal Opportunity Employer and actively seeks diversity among its employees.
