

BARNARD COLLEGE – BIOCHEMISTRY– ASSISTANT PROFESSOR.

Candidates in all areas of biochemistry are invited to apply for a position as a full-time, tenure-track Assistant Professor at Barnard College, an independent liberal arts undergraduate college for women in New York City, affiliated with Columbia University. Applicants must demonstrate a commitment to both teaching undergraduates and establishing a vigorous externally funded research program involving undergraduates. We are interested in candidates with a commitment to mentoring and supporting students from underrepresented groups. Post-doctoral research experience preferred. Responsibilities include teaching biochemistry lecture and biochemistry laboratory courses and directing student research. Please see our web page for more information: chemistry.barnard.edu.

Applications should include a letter of interest that specifically addresses the candidate's interest in Barnard College, undergraduate and graduate transcripts (unofficial copies are fine), curriculum vitae, statement of proposed research, teaching statement that includes a discussion of approaches the candidate would use to foster an inclusive community in the classroom and laboratory as well as their preparation for the position, and three letters of recommendation.

Apply at: <https://careers.barnard.edu/postings/5194>
For any other inquiries contact chemsearch@barnard.edu.
Review of applications begins **November 2, 2020**.

Barnard College is an Equal Opportunity Employer and is actively committed to creating a diverse and inclusive community. We especially encourage women and candidates from diverse backgrounds to apply.
