

**BARNARD COLLEGE – CHEMISTRY – LECTURER.** The Chemistry Department invites applicants for a full-time continuing faculty position (Lecturer) at Barnard College, an independent liberal arts undergraduate college for women in New York City, affiliated with Columbia University. A doctorate in chemistry (in a variety of subfields including analytical chemistry, inorganic chemistry, physical chemistry, biochemistry, or chemical education) is required. ABD will be considered. Applicants must demonstrate a commitment to teaching a diverse undergraduate student population and an interest in chemical education. Experience leading and managing curricular projects is desired. Responsibilities include teaching general and analytical lecture and laboratory courses, managing laboratory instructional staff, developing curricular materials (including new laboratory experiments), advising students, and participating in diversity initiatives across the College. Anticipated start date is July 01, 2024. Please see our web page for more information: [chemistry.barnard.edu](https://chemistry.barnard.edu). Applications should include a letter of interest, curriculum vitae, teaching statement, and three letters of recommendation. In the cover letter, applicants should address their ability to work effectively with a student population that is broadly diverse with regard to gender and gender expression, race, ethnicity, nationality, sexual orientation, and religion. Apply at <https://careers.barnard.edu/postings/6664>. For any other inquiries contact [chemsearch@barnard.edu](mailto:chemsearch@barnard.edu). Applications reviewed on rolling basis. Barnard College is an Equal Opportunity Employer and is actively committed to creating a diverse and inclusive community. We especially encourage women and candidates from diverse backgrounds to apply.
