Assistant Professor, Synthetic Organic Chemistry

Boston University
Department of Chemistry
590 Commonwealth Avenue
Boston, Massachusetts 02215

Subject Areas:

Synthetic Organic Chemistry

Job Description:

The Department of Chemistry (https://www.bu.edu/chemistry/) at Boston University invites applications from outstanding candidates for an Assistant Professor tenure track position in the field of Synthetic Organic Chemistry beginning July 1, 2023. Candidates with research focus broadly defined in the areas of chemical synthesis, with applications in catalysis and new reaction methodology development are particularly encouraged to apply. Strong candidates will have at least one year of postdoctoral research experience.

The successful applicant will benefit from the department’s supportive and collegial environment which includes close affiliations with Boston University’s Center for Molecular Discovery (BU-CMD), Boston University School of Medicine, and the BU National Emerging Infectious Disease Laboratory (BU-NEIDL). Undergraduate teaching responsibilities will be in the areas of organic chemistry with an opportunity to develop graduate courses in the candidate’s area(s) of expertise. Boston University expects excellence in teaching and in research and is committed to building a culturally, racially, and ethnically diverse scholarly community.

Application Instructions:

Applicants should apply by submitting a letter of interest, including teaching and research objectives, and a statement of their experiences in mentoring, diversity and inclusion, a current CV, and arrange to have three letters of reference submitted via https://academicjobsonline.org/ajo/jobs/22369. Review of applications will begin on October 1, 2022. Please direct email queries to porco@bu.edu.

We are an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law. We are a VEVRAA Federal Contractor.
