The Department of Chemistry at Bryn Mawr College invites applications for a full-time, tenure-track Assistant Professor position in biochemistry to begin August 1, 2022. The successful candidate will be expected to teach in the Biochemistry and Molecular Biology Program and at all levels in the Chemistry Department and contribute to the development and teaching of a diverse and inclusive curriculum, including interdisciplinary programs and other college-wide initiatives such as the 360 Program and the Emily Balch Seminars. The candidate will be expected to establish an ongoing program of scholarly research that involves undergraduate and graduate students. A Ph.D. is required by the start date and post-doctoral research experience is desirable.

To apply for this position, candidates must submit a cover letter, curriculum vitae, teaching philosophy, statement of proposed research (limited to 5 pages), and statement of demonstrated commitment to diversity and inclusion to the Chemistry Search Committee via Interfolio at: https://apply.interfolio.com/90012. In addition, arrange for three letters of recommendation to be submitted via Interfolio to the Chemistry Search Committee. Applications received by October 1, 2021 will receive full consideration.

Recognizing health and safety concerns during this time, the College will be as flexible as possible in determining the nature of any interviews or meetings (virtual/remote and/or in-person interaction) that are conducted for this search.

Bryn Mawr College is a distinguished liberal arts college for women with a vibrant faculty of scholar-teachers, a talented staff, and intellectually curious students eager to make a difference in the world. The College is committed to increasing the diversity of its students, faculty, staff, and curricular offerings with a particular focus on enhancing ethnic and racial diversity and advancing social justice and inclusion. We believe diversity strengthens our community and enriches the education of our students. We have a student body of 1,300 undergraduates (32 percent are U.S. students of color and 19 percent are international students). There are 340 graduate students in coeducational graduate programs in social work, humanities, and science. Bryn Mawr College is located in metropolitan Philadelphia and enjoys strong consortial relationships with Haverford College, Swarthmore College, and the University of Pennsylvania. Bryn Mawr College is an equal-opportunity employer; candidates from underrepresented groups and women are especially encouraged to apply.
