

ASSISTANT PROFESSOR in the area of Biochemistry, broadly defined (including but not limited to bioanalytical, bioinorganic, bioorganic, and biophysical subdisciplines). The College of Charleston Department of Chemistry & Biochemistry invites applications for a tenure-track position in Biochemistry to begin August 2022. The College of Charleston is a nationally recognized, public liberal arts and sciences university located in the heart of historic Charleston, SC. The successful candidate would regularly teach junior/senior level biochemistry lecture and lab courses, in addition to contributing to the general chemistry curriculum. Applicants must possess a doctorate, and post-doctoral experience is highly preferred. The successful candidate must initiate and sustain an undergraduate research program that includes undergraduates in an area that enhances the research opportunities in biochemistry. Review of applications will begin November 1, 2021 and will continue until the position is filled. Completed applications, including a cover letter, CV, statement of teaching philosophy, research plan, copies of undergraduate and graduate transcripts, and contact information for three references should be submitted via the electronic portal found at <https://jobs.cofc.edu/postings/11290>. For more information, contact Dr. James Deavor, Department of Chemistry & Biochemistry deavorj@cofc.edu. The College of Charleston is an Affirmative Action/Equal Opportunity employer and does not discriminate against any individual or group on the basis of gender, sexual orientation, gender identity or expression, age, race, color, religion, national origin, veteran status, genetic information, or disability.
