

**Clemson University: College of Engineering, Computing and Applied Sciences: Chemical & Biomolecular Engineering
Open Rank Professor - Chemical Engineering**

Location: **Clemson University**

The Department of Chemical and Biomolecular Engineering at Clemson University invites applications for a tenure-track or tenured faculty appointment, which can be at any level commensurate with the candidate's experience and achievements, with a Professorship available for accomplished candidates.

Clemson is a Carnegie "Very High Research Activity" (R1) University and is located on the shores of Lake Hartwell in the foothills of the Blue Ridge Mountains halfway between Atlanta and Charlotte, combining excellent cost-of-living with accessible work-life-family balance. We enroll over 24,000 students, including over 5,000 ethnic minorities and 1,500 international students.

Outstanding individuals with established research programs in the broad biomedical and/or biotechnology areas are of particular interest.

Candidates must have earned a Ph.D. in Chemical Engineering or a closely related field. Exceptional scholars who can contribute to the diversity of our academic community are strongly encouraged to apply.

QUALIFICATIONS

Candidates must have earned a Ph.D. in Chemical Engineering or a closely related field. Exceptional scholars who can contribute to the diversity of our academic community are strongly encouraged to apply.

APPLICATION INSTRUCTIONS
