

Position Description

The Department of Chemistry at Columbia University invites applications for a position at the rank of Assistant Professor, Associate Professor (tenure-track or tenured) or full Professor with a start date of July 1, 2023. All areas of Chemistry will be considered and candidates from all sub-disciplines are encouraged to apply. Successful candidates for this position must have demonstrated ability and continued potential to perform innovative and pioneering research, teach effectively at the undergraduate and graduate levels, participate in service to the department, university, and field, and engage in activities that promote our goals and values, including building an equitable and diverse scientific community.

Qualifications

PhD

Application Instructions

All applications must be made through Columbia University's Academic Search and Recruiting (ASR) system.

Applicants should submit a cover letter and CV and are encouraged to include the following: research and teaching statements, 3 letters of recommendation sent on their behalf, and a separate statement that addresses past and/or potential contributions to diversity, equity and inclusion in their application materials. The Department values diversity among its faculty, is committed to building a culturally diverse intellectual community, and strongly encourages applications from women and other underrepresented groups. Please visit our online application at the link below for further information about this position and to submit your application.
