Celebrating the Past......Securing the Future

As NOBCChE prepares to celebrate its 50th Anniversary in 2023, we invite our partners to join us in a fundraising campaign to help secure the next generation of scientists of color. In celebration of its 50th Anniversary, NOBCChE is recognizing the commitment made to developing an eminent cadre of people of color in chemistry and chemical engineering by pushing the needle on opportunities that lead to equitable, high-quality development of students and young professionals.

Focus

Our critical areas of investment that are key to the goal of securing the future of NOBCChE include:

1) cultivating opportunities for engagement and development for the NOBCChE community,
2) creating scholarship opportunities to support students at each level of higher education, and
3) a new investment in supporting early career professionals for retained success in the STEM workforce.
Goal: $1 million

Objectives:

- An endowment to secure funding for promising students of color
- New programming related to:
  - K-12
  - Undergraduates
  - Young Professionals
- A documentary celebrating the history and successes of black chemists, chemical engineers and NOBCChE
- Regional expansion
  - Supporting an annual regional conference
  - Increased regional engagement
- Increased virtual programming
- Doubling NOBCChE’s membership
- Developing a mentorship program
- Offering leadership development
This special edition prospectus includes one-time benefit packages designed to help us achieve this goal while providing additional year-round benefits to our partners. The 50th Anniversary Conference will be held September 11-14 in New Orleans and will include a black-tie Gala.

Additional opportunities for silver and up sponsors:
  • One exclusive branding opportunity (key card, badge holder, etc)
  • Documentary inclusion

Pre-conference video advertisement:
  • Custom giving report
  • Engagement insight
  • Social media promotion

Benefits for all sponsors:
  • Securing the hiring pipeline
  • Opportunity to meet NOBCChE leadership
  • Logo displayed at conference and on web site (visibility based on level of sponsorship)
  • Customized year-round engagement opportunities based on sponsor level
    • Year-round sponsor recognition and marketing engagement
    • Virtual engagement opportunities with nobcche community
  • Recognition during gala
  • Interview and team meeting space base on needs, availability and level of sponsorship
  • Additional benefits tailored to specific needs of sponsors
50 Years of Black Excellence in Chemistry and Chemical Engineering

September 11-14, 2023
