

DEPARTMENT OF CHEMISTRY

September 20, 2021

Duke University, Durham, North Carolina. The Department of Chemistry invites applications for tenure-track positions at the assistant or associate professor level, to begin July 1, 2022. We are seeking colleagues with strong commitments to research, teaching, and advancing a diverse and inclusive community of scholars. Applications should include a cover letter, curriculum vitae, description of research plans, and a statement describing teaching interests and philosophy of mentoring and fostering diversity in science. Applicants should also arrange to have three letters of recommendation submitted on their behalf. Candidates in all subareas will be considered; those with research interests in experimental approaches in Inorganic or Physical Chemistry should apply here <https://academicjobsonline.org/ajo/jobs/19664> by December 1, 2021. Applicants with research interests in other subareas of chemistry, particularly those that intersect with University priorities, should apply here: <https://research.duke.edu/dst-faculty-search>. Duke University is an Affirmative Action/Equal Opportunity Employer committed to providing employment opportunity without regard to an individual's age, color, disability, genetic information, gender, gender identity, national origin, race, religion, sexual orientation, or veteran status.
