Assistant Professor of Chemistry

Emmanuel College—a Catholic, coeducational, residential, liberal arts and sciences college in Boston—has been educating critical thinkers, ethical decision makers and community leaders since 1919. Situated in Boston's Fenway neighborhood within the Longwood Medical and Academic Area, Emmanuel's 17-acre campus is home to nearly 2,000 undergraduate and graduate students. The College provides boundless opportunities for students to expand their worldview through rigorous coursework, significant internship and career opportunities throughout the Boston area and beyond, collaborations with distinguished and dedicated faculty, and participation in a dynamic campus community. Emmanuel's more than 70 programs in the arts, humanities, education, natural sciences, business and nursing foster spirited discourse and substantive learning experiences that honor the College's commitment to educate the whole person and prepare students to emerge as tomorrow's leaders. **Job Description:**
Emmanuel College invites applications to the Department of Chemistry and Physics for a full-time, tenure track position in Physical Chemistry at the Assistant Professor level to begin in the Fall of 2022. Teaching responsibilities in the ACS-accredited program will include the two-semester physical chemistry sequence, introductory general chemistry, and upper level chemistry electives and seminars. Research expectations are that the successful candidate will develop a sustainable research program involving undergraduates; area of specialization within physical chemistry is open.

At Emmanuel, faculty teach the equivalent of three courses per semester, advise undergraduate students, and participate in departmental and college-wide service activities. The Department of Chemistry and Physics is located in the Wilkens Science Center, blocks from the Longwood Medical Area, and is equipped with excellent facilities and instrumentation. Please see www.emmanuel.edu for more information on our faculty and students.

**Requirements:**
Candidates must have a PhD in chemistry and a commitment to teaching and research with undergraduates; postdoctoral experience is preferred.

**Additional Information:**
Emmanuel College seeks to create a working and learning environment that reflect the society and community in which we are located, and we actively encourage candidates of all backgrounds to apply.

**Application Instructions:**
A complete application must include a cover letter, curriculum vitae, statement of teaching philosophy, statement of research plans, and contact information for three references. At least one of these references should be able to address the quality of the candidate's teaching. In application materials, candidates should demonstrate a commitment to diversity and inclusion in the curriculum and the classroom.

Applicants must apply online using the link provided. Priority will be given to applications received by November 1, 2021.
