

TECHNICAL SPECIALIST - CHEMISTRY

Finnegan, Henderson, Farabow, Garrett & Dunner, LLP is one of the largest law firms in the world focusing solely on intellectual property law. Finnegan practices all aspects of patent, trademark, copyright, and trade secret law, including counseling, prosecution, licensing, litigation, and portfolio management.

Current Opening:

Finnegan's Boston office is hiring Technical Specialists with a background in chemistry (particularly organic chemistry) to draft and prosecute patent applications. An advanced degree, PTO registration number, and prosecution experience are preferred.

Responsibilities:

Responsibilities of Technical Specialists include:

- Preparing patent applications for filing with the US Patent and Trademark Office;
- Evaluating the underlying technology of inventions;
- Opinion writing;
- Client counseling;
- Litigation support;
- Providing technical assistance on projects.

How to Apply:

If you meet the above requirements and are interested in becoming a Technical Specialist with our firm, please forward your resume, writing sample, and transcripts to:
