### **University of Florida, Department of Pharmacodynamics in the College of Pharmacy**

The [College of Pharmacy](#) invites applications for the position of **tenure-track Professor and Chair of the Department of Pharmacodynamics**.

The College of Pharmacy is seeking a visionary leader for the Department who is experienced in collaborative research partnerships and who will seize the opportunity as Chair to strengthen and expand its research vision for developing new therapeutics and understanding mechanisms of disease, and nurturing the next-generation of diverse scientists and leaders in the discipline. The ideal candidate will have a distinguished record of research, teaching, scholarly accomplishments and leadership. They should also be an accomplished educator with experience in professional and graduate education and in mentoring both junior faculty and graduate students. The Chair will be expected to work with the department in a collaborative, inclusive, and transparent manner to promote overall interests and development of the department faculty, staff, postdocs, and students, and with the Dean and other leadership of the College of Pharmacy to fulfill its research, education and governance missions.

The department is highly [integrative and collaborative](#), with a strong focus in cellular and systems physiology and pharmacology, neuroscience, and drug development. The College possesses outstanding strengths across the drug discovery, development and use pipeline, currently ranking #5 among colleges of pharmacy according to US News and World Report (USNWR) and #3 in federal and NIH research funding, according to the American Association of Colleges of Pharmacy, and with a robust graduate program currently consisting of more than 130 students. The home of both the College and the Department of Pharmacodynamics is the main campus of the [University of Florida](#) in Gainesville, the flagship AAU academic research institution of the State of Florida, which is currently ranked #5 among public universities by USNWR. The College is based in one of the largest integrated [academic health centers](#) in the country, with Colleges of [Medicine](#), [Nursing](#), [Dentistry](#), [Public Health and Health Professions](#), and [Veterinary Medicine](#), as well as [UF Health](#) and the [Veterans Affairs Medical Center](#), situated on a university campus serving over 50,000 students. Exceptional opportunities for synergistic growth exist through the campus-wide [Artificial Intelligence initiative](#) and through joining forces with [Scripps Florida](#) to promote outstanding biomedical research.

### **Advertised Salary:**

Salary commensurate with qualifications and experience

### **Minimum Requirements:**

Applicants should have a doctoral degree in an appropriate field. Successful candidates will have a strong current funding record, a proven track record of publication, a demonstrated ability to establish or work effectively in interdisciplinary collaborations, and teaching experience. Candidates are expected to maintain a strong extramurally-funded research program.

Criminal background check required.

### **Preferred Qualifications:**

Ideal candidates should have recognition as a current or emerging leader in their discipline, a track record in building synergistic teams to obtain multi-team funding, applicable administrative and management experience, and visionary ambitions for building on existing departmental strengths to take an already strong multidisciplinary department to the next level through an integrated approach.

### **Special Instructions to Applicants:**

The Search Committee will accept applications until the position is filled and will begin reviewing applications immediately.

Interested applicants should apply online at <https://explore.jobs.ufl.edu/en-us/job/519031>. A cover letter, CV, brief summary of research accomplishments, funding and current research, diversity statement that demonstrates current commitment or future vision to enhancing diversity, equity, and inclusion (DEI) efforts in the applicant's field of study, and a list of three references are required. References will not be contacted without the applicant's permission.
