

Assistant Professor of Physical Chemistry
Department of Chemistry

Fordham University

The Department of Chemistry at Fordham University invites applications for a tenure-track Assistant Professor position in physical chemistry beginning in Fall 2019. Candidates with a Ph.D. and post-doctoral research experience in experimental physical chemistry are encouraged to apply. Responsibilities include teaching undergraduate physical chemistry lecture and laboratory courses. Candidates should demonstrate a passion for maintaining a highly active original research program that involves mentoring undergraduates, publishing in peer-reviewed journals and acquiring externally funded grants. Applicants should submit a CV, unofficial transcripts, publications list, description of proposed research, statement of teaching philosophy and a minimum of three references to <https://apply.interfolio.com/58467>.

The search committee will begin to review applications by **December 15th 2018**. Official graduate transcripts will be required for the final candidate. For further information regarding the position contact chemistry@fordham.edu.

Fordham University is an independent, Catholic University in the Jesuit tradition that welcomes applications from men and women of all backgrounds. Fordham is an equal opportunity employer. The department has a strong commitment to achieving diversity among faculty and staff. We are particularly interested in receiving applications from members of underrepresented groups and strongly encourage persons of color to apply.
