**Visiting Instructor of Chemistry and Biochemistry—Search# 12114**  
**College of Science and Mathematics. Department of Chemistry and Biochemistry**

The Department of Chemistry and Biochemistry in the College of Science and Mathematics invites applications and nominations for a one year appointment for the position of non tenure track Visiting Instructor of Chemistry and Biochemistry for the 2021-2022 academic year. The home campus for this position will be the Statesboro campus.

Georgia Southern University is a distinctive combination of Southern charm and uncompromising academics. We are a Carnegie Doctoral/R2 institution serving about 26,500 students through nine colleges on three beautiful oak-lined campuses in Statesboro, Savannah, Hinesville, and via a growing online program. Throughout its degree offerings at the associate's, bachelor's, master's, and doctoral levels, Georgia Southern cultivates community collaboration, world-class scholarship and hands-on learning opportunities.

Georgia Southern University was founded in 1906 as a school for teaching modern agricultural production techniques and homemaking skills to rural school children. Its Savannah campus was established in 1935 as Armstrong Junior College for local youth who could not afford to attend college away from home. The Liberty Center in Hinesville was established in 1998 to serve the military and their families at nearby Fort Stewart, the largest military base east of the Mississippi. All three locations came together in 2018 when Armstrong State University and Georgia Southern University consolidated. The "new" Georgia Southern University preserves a passion for serving its neighbors while preparing students for lifelong service as scholars, leaders, and responsible stewards of their communities.

Believing that diversity, equity, and inclusion contribute to excellence in the workplace and to the quality of the University's academic environment, Georgia Southern University is committed to recruiting and retaining diverse faculty and staff to support, promote, and serve a diverse student body and promote Inclusive Excellence. Candidates from historically underrepresented groups, whose work furthers the institution's Inclusive Excellence goals and who bring to campus varied life experiences, perspectives, and backgrounds are especially encouraged to apply.

Within this setting, the Department of Chemistry and Biochemistry is housed in the College of Science and Mathematics. The Department of Chemistry and Biochemistry offers two ACS certified Bachelor of Science degrees in chemistry and biochemistry as well as a Bachelor of Arts degree in chemistry. The department also offers a Master of Science in Applied Physical Science with concentrations in pharmaceutical science, materials and coatings science, and environmental science. The Department is rapidly increasing its externally funded research activities and is housed in a recently reconfigured, 47,000 square foot facility containing modern

classrooms with dedicated teaching and research laboratories on the Statesboro campus and a similar facility on the Armstrong campus. The department is comprised of 45 faculty who focus on high quality, student-centered undergraduate and graduate education that prepares students for careers in the chemical industry as well as medicine, dentistry, pharmacy and education. The department is committed to both graduate and undergraduate research with the majority of undergraduate biochemistry and chemistry majors participating, thus furthering their preparedness for post-baccalaureate studies in many fields. A hallmark of this Department is faculty mentoring of undergraduate chemistry and biochemistry majors. Information describing the Department and its faculty can be found at <http://cosm.georgiasouthern.edu/chemistry/>.

Position Description. Reporting to the Department Chair, the Visiting Instructor requires teaching responsibilities with a five course load requirement per term. The position is a 10-month (August 2021-May 2022) appointment, with a salary that is both competitive and commensurate with qualifications and experience. All visiting instructor positions are non-tenure track appointments. There is the possibility for reappointment to a second year based on funding availability and satisfactory performance.

Required Qualifications:

Consideration will be given to candidates who must have:

- Earned a Ph.D. in Chemistry, Biochemistry or a closely related field, by August 1, 2021
- Commitment to teaching excellence in the undergraduate classroom
- Ability to work with diverse populations.
- Effective communication skills in spoken and written English.
- Willingness to engage with institutional student success initiatives.
- Commitment to engaging with best practice initiatives in instruction and pedagogy, mentoring, and curriculum design and development.
- Authorization to work in the United States for the duration of employment without assistance from the institution.

Preferred Qualifications:

Considerations may be given to candidates who have:

- Teaching experience

Special Instructions to Applicants:

Screening of applications begins June 29, 2021 and continues until the position is filled. The preferred position starting date is August 1, 2021.

To equitably serve a fast growing and highly diverse student body and to fulfill the University's commitment to promoting diversity, equity, and inclusion, we actively seek candidates with a demonstrated commitment to Pillar 3 of our University and College's Strategic Plan: Inclusive Excellence. Candidates should refer to the College Strategic Plan found at <https://cosm.georgiasouthern.edu/>

A complete application (a single pdf file) consists of a letter addressing the qualifications cited above; a curriculum vitae; photocopies of undergraduate and graduate transcripts; a statement of

teaching philosophy (up to 2 pages);; and a list of three references (names, addresses, email addresses, and telephone numbers).

Other documentation may be requested.

Only complete applications submitted electronically will be considered. Finalists will be required to submit to a background investigation. Application and nominations should be emailed to:
