

GEORGETOWN UNIVERSITY wishes to recruit a tenure-track Assistant Professor in **BIOCHEMISTRY** to begin Fall 2020 in the Department of Chemistry. Candidates must have a PhD degree in chemistry, biochemistry or a closely related field. Postdoctoral training or equivalent is desirable. Development of an internationally recognized, externally-funded research program and teaching at the graduate and undergraduate levels, particularly biochemistry sequences, are expected. Research in biochemistry that complements that of existing faculty will be considered. We are particularly interested in topics related to metabolomics, broadly defined. To apply, please visit: <http://bit.ly/GUbiochem> For full consideration, applications should be complete by October 15, 2019. Please contact chemsearch@georgetown.edu with any questions. *Georgetown University is an Equal Opportunity, Affirmative Action employer fully dedicated to achieving a diverse faculty and staff; applications from qualified women and minority candidates are encouraged.*
