Lawrence Postdoctoral Fellowship

Lawrence Livermore National Laboratory

Our Next Breakthrough IS YOU

Lawrence Postdoctoral Fellowship

The Opportunity to Bring your Brightest Ideas to Life

We know that you are already working hard to solve important research questions. But do you want to take your skills to the next level and apply them to solving the most pressing problems facing society and national security? The Lawrence Livermore National Laboratory (LLNL) has openings in the Lawrence Fellowship Program that will allow you to do research that you have always dreamed about. Fellows are free to pursue their own independent research agenda with subject matter experts who provide guidance and mentorship. Fellowships are awarded to candidates with exceptional talent, scientific track records, and potential for significant achievements. Is that you?

Successful Fellows will propose and subsequently perform creative research in an area that is relevant to the mission and goals of LLNL. Broad topic areas include: Atmospheric Science, Biology, Chemistry, Computer Science, Engineering, Environmental Science, Geoscience, Energy, Lasers, Material Science, Mathematics, and Physics. Fellows will have access to LLNL's extensive computing facilities and specialized laboratory facilities. The duration of the Fellowship is up to three years. The salary is $11,204 per month.

Please refer to the following web page https://apptrkr.com/4481467 for eligibility requirements and instructions on how to apply. When applying and prompted, please mention where you saw this ad. The deadline for applications is October 1, 2023. LLNL is operated by the Lawrence Livermore National Security, LLC for the U.S. Department of Energy, National Nuclear Security Administration. We are an equal opportunity employer with a commitment to workforce diversity.
