

## ASSISTANT PROFESSOR CHEMISTRY

The Department of Chemistry at Le Moyne College seeks a tenure-track faculty member in chemistry to start in August 2022. We are seeking a chemist with teaching expertise in inorganic chemistry. The teaching load is 9 contact hours per week per semester and includes inorganic chemistry lecture, inorganic and materials lab, and introductory courses. In addition, the candidate should be an active scholar who can engage undergraduate students in research and provide academic advisement to chemistry majors. A Ph.D. in inorganic chemistry or an interdisciplinary field that includes inorganic chemistry from an accredited university/college is required by the start date; undergraduate teaching experience is preferred.

To apply for this position, visit our website at <http://www.lemoyne.edu/employment>, please click the "Apply Now" button and submit the required materials for consideration: a letter of application, curriculum vitae, transcripts, statement of teaching philosophy, and description of research appropriate for a primarily undergraduate institution. Also, please arrange to have three letters of recommendation sent electronically to [lemoynehr@lemoyne.edu](mailto:lemoynehr@lemoyne.edu) with a subject line of "Chemistry". Documentation may also be submitted by mail to: Diann Ferris, Le Moyne College, 1419 Salt Springs Road, Grewen Hall, 2nd Floor (Human Resources), Attn: Chemistry Search, Syracuse, New York 13214.

Le Moyne College is an equal opportunity employer and seeks to attract an academically and culturally diverse faculty, welcoming applicants from historically under-represented groups and/or those who have experience teaching diverse student populations. Women, minority candidates, and Jesuits are encouraged to apply. Review of applications will begin on October 15, 2021 and continue until the position is filled.
