

**ASSISTANT or ASSOCIATE PROFESSOR**  
**Departments of Chemistry and Physics**  
**ARTS AND SCIENCE**  
**New York University**

The Departments of Chemistry and Physics at New York University (NYU) invite applications for two tenure-track faculty positions as **Simons Foundation Faculty Fellows in Computational Physical Chemistry**, subject to administrative and budgetary approval. Broad areas of research involving computational and theoretical studies of physical phenomena in molecular sciences will be considered.

Successful candidates must have a Ph.D. in chemistry, physics or related fields and demonstrate the potential to do pioneering research and teach effectively at the undergraduate and graduate levels. The positions are anticipated to be in the Department of Chemistry at the Assistant or Associate Professor level, with the possibility of a joint appointment with the NYU Department of Physics. The Department of Chemistry has developed a significant growth plan, which has resulted in the creation of the Molecular Design Institute, the Laboratory for Molecular Nanoscience, the Biomedical Chemistry Institute, and the ongoing initiative in Chemical Biology. The Department of Physics has a broad and distinguished program including the Center for Quantum Phenomena, the Center for Soft Matter Research and the Center for Cosmology and Particle Physics, with many opportunities for cross-cutting research with Chemistry. Faculty in both departments participate in significant interdisciplinary programs within the Washington Square campus and at NYU's engineering and medical schools. Successful candidates will also have opportunities for engaging in scholarly activities at its overseas campuses in Shanghai and Abu Dhabi.

Candidates should submit a curriculum vita, a detailed description of research plans and interests, and a statement of teaching experience and interests. The application should include three letters of recommendation. Because diversity and inclusion are an important part of the NYU mission, candidates should include a paragraph in their cover letter indicating how diversity and inclusion figure into their past, present, and future teaching, research, and community engagement. (Additional information can be found here: <http://as.nyu.edu/departments/facultydiversity/recruitment/diversity-statements.html>).

The review of complete applications will begin on October 15, 2021. The anticipated start date is September 1, 2022. Please submit applications through the following link <http://apply.interfolio.com/92277>. Questions about this position can be sent by Email to: [chemistry.search@nyu.edu](mailto:chemistry.search@nyu.edu)

The Faculty of Arts and Science at NYU is at the heart of a leading research university that spans the globe. We seek scholars of the highest caliber who embody the diversity of the United States as well as the global society in which we live. We strongly encourage applications from women, racial and ethnic minorities, and other individuals who are under-represented in the profession, across color, creed, race, ethnic and national origin, physical ability, gender and sexual identity, or any other legally protected basis. NYU affirms the value of differing perspectives on the world as we strive to build the strongest possible university with the widest reach.
