The Department of Chemistry and Biochemistry at Oberlin College invites applications for a full-time, non-continuing faculty position in the College of Arts and Sciences in the area of bioorganic and organic chemistry. Appointment to this position will be for a term of one year, beginning Fall 2024, and will carry the rank of Visiting Assistant Professor.

The Department of Chemistry and Biochemistry has about 25 majors in each graduating class. Faculty members teach at all levels of the curriculum and are active in original research that provides opportunities for undergraduate participation. Housed in the Science Center, the department is well equipped for teaching and research. Instrumentation includes 400-MHz and 600-MHz multinuclear FT-NMR spectrometers, chromatographic (GC-ECD/FID, GC-MS, LC-MS), and biochemical instrumentation, X-ray powder diffractometer, SEM, thermal analysis (TGA/DTA, DSC, bomb calorimetry), FT-IR, atomic absorption, fluorescence and UV-Vis-NIR spectrometers and plate readers, as well as a supercomputer cluster with computational chemistry software. Additional information about the department can be found on the departmental web site at: http://new.oberlin.edu/arts-and-sciences/departments/chemistry/

The incumbent will teach a total of five courses in bioorganic chemistry, synthetic organic chemistry, and general chemistry.

Among the qualifications required for appointment is the Ph.D. degree (in hand or ABD). Candidates must demonstrate interest and potential excellence in undergraduate teaching. Successful teaching experience at the college level is desirable. Oberlin College is committed to diversity, equity and inclusion. The incumbent will bring understanding of or experience working with underrepresented and diverse academic populations. Oberlin is especially interested in candidates who can contribute to the excellence and diversity of the academic community through their research, teaching, and service. Oberlin recruits, employs, trains, compensates, and promotes regardless of race, religion, color, national origin, gender, gender identity, sexual orientation, disability, age, veteran’s status, and/or other protected status as required by applicable law.

To apply, candidates should visit the online application site found at https://jobs.oberlin.edu. A complete application will comprise 1) a Cover Letter describing your teaching, scholarship, mentorship, and service, detailing any connections to supporting an inclusive learning environment; 2) a Curriculum Vitae; 3) unofficial undergraduate and graduate transcripts; 4) a statement (or statements) on your teaching philosophy and expertise in diversity, equity, and inclusion; 5) Letters of Reference from three recommenders.* All application materials must be submitted electronically through Oberlin College and Conservatory’s online application process at: https://jobs.oberlin.edu/

*By providing three letters of reference, you agree that we may contact your letter writers.

Review of applications will begin on January 17, 2024, and will continue until the position is filled. Completed applications received by the January 17 deadline will be guaranteed full consideration.

Questions about the position can be addressed to: catherine.oertel@oberlin.edu or Catherine Oertel, Chair of Chemistry and Biochemistry, at 440-775-8989.
