ASSISTANT PROFESSOR/OPEN RANK FACULTY POSITIONS

THE DEPARTMENT OF CHEMISTRY AT THE UNIVERSITY OF PITTSBURGH seeks to fill three faculty positions effective September 2023, pending budgetary approval. Review of applications will begin on October 15, 2022 and will continue until the positions are filled.

Biological/Organic Chemistry (1 position), effective September 2023, pending budgetary approval. Candidates in the general areas of Biological Chemistry and Organic Chemistry will be considered, with a focus on individuals who are developing synthetic approaches to address important biological questions. Numerous opportunities exist for collaborations with the University of Pittsburgh School of Medicine, Magee-Womens Research Institute, UPMC Hillman Cancer Center, Carnegie Mellon University, and many other local institutions. Minimum requirements are a Ph.D. in Chemistry, Biology, Biochemistry or a closely related field, a record of research excellence as evidenced by publications in premier academic journals, an innovative and impactful research plan, and potential for teaching excellence. Postdoctoral experience is preferred. In order to ensure full consideration, completed applications should be received through the University's Talent Center system, https://www.join.pitt.edu. Applicants should provide a cover letter, a curriculum vitae including a publication list, a statement of research plans, a statement of teaching interests, and a diversity statement. In addition, three letters of recommendation should be sent to Michele Monaco at monaco@pitt.edu.

Analytical/Physical Chemistry (2 positions), effective September 2023, pending budgetary approval. One position is at the rank of Assistant Professor while the other is open with respect to rank. Researchers working in spectroscopy are especially encouraged to apply. Minimum requirements for an Assistant Professor are a Ph.D. in Chemistry or a closely related field, a record of research excellence as evidenced by papers in premier academic journals and a promising research plan, and a potential for teaching excellence. Moreover, postdoctoral experience is preferred. For a senior hire the minimum requirements include a documented track record in research accomplishments, graduate student mentoring, and funding. In
order to ensure full consideration, completed applications should be received through the University's Talent Center system, [https://www.join.pitt.edu](https://www.join.pitt.edu). Applicants should provide a cover letter, a curriculum vitae including a publication list, a statement of research plans, a statement of teaching interests, and a diversity statement. In addition, three reference letters are required (junior applicants only) and should be sent to Michele Monaco at [monaco@pitt.edu](mailto:monaco@pitt.edu).
