THE DEPARTMENT OF CHEMISTRY AT THE UNIVERSITY OF PITTSBURGH seeks to fill two tenure-track assistant professor positions in computational/theoretical chemistry and analytical chemistry, beginning Fall term 2024. Applications will be accepted from candidates whose research interests lie in any area of modern computational/theoretical chemistry and analytical chemistry, broadly defined. Candidates are expected to have a Ph.D. in chemistry or related discipline, with postdoctoral experience being a plus. Evaluation of applications will begin Oct 15, 2023 and will continue until the positions are filled.

In order to ensure full consideration, completed applications should be received through the University's Talent Center system, links provided:

**Job Description - Assistant Professor of Chemistry (Computational/Theoretical) (23007170) (taleo.net)**

**Job Description - Assistant Professor of Chemistry (Analytical) (23007176) (taleo.net)**

Applicants should provide a cover letter, a curriculum vitae including a publication list, a statement of research plans, a statement of teaching interests, and a diversity statement. In addition, three reference letters are required and should be sent to chrasst@pitt.edu by the writers. Visit our web site, [http://www.chem.pitt.edu](http://www.chem.pitt.edu), to learn more about our department.
