

Position: Tenure Track Assistant Professor in Biochemistry

Department Name: Chemistry

Job No: 505606

Location: San José State University, San José, California, USA

Application Deadline: November 24, 2021

Target Start Date: August 2022

First Review Date (or Closing Date): November 30, 2021

The Department of Chemistry at San José State University invites applications for a tenure track position in biochemistry. Excellence in research and teaching at both the undergraduate and graduate level is expected. The candidate will be teaching courses, including laboratory courses, in biochemistry (130A/B/C, 131A/B, 132, 135 and graduate courses). Flexibility to teach in other sub-disciplines of chemistry is desirable. The candidate must be able to adapt their teaching methods to a variety of learning environments, including online instruction. The successful candidate will develop a robust research program engaging undergraduate and graduate (M.S.) students

The Department of Chemistry at San Jose State University strives to provide broad access to the highest quality education in chemistry at the bachelor's and master's degree levels. To achieve this ambitious goal, we have crafted a curriculum affording our diverse students access to expert instructors in each of the sub-fields of chemistry via classroom courses, hands-on laboratory courses, and research laboratories.
