Assistant Professor - Chemistry (two positions)
Job no: 516812
Location: San José State University, San José, California, USA
Compensation: Commensurate with qualifications and experience. See Benefits Summary for details.
Application Deadline: September 23, 2022
Target Start Date: August 2023
First Review Date (or Closing Date): September 26, 2022

The Department of Chemistry at San José State University invites applications for two tenure track positions in chemistry. Excellence in research and teaching at both the undergraduate and graduate level is expected. The candidate will be teaching undergraduate and graduate courses. Flexibility to teach in more than one sub-discipline of chemistry is desirable. The candidate must be able to adapt their teaching methods to a variety of learning environments, including online instruction. The successful candidate will develop a robust research program engaging undergraduate and graduate (M.S.) students.

The Department of Chemistry at San Jose State University strives to provide broad access to the highest quality education in chemistry at the bachelor’s and master’s degree levels. To achieve this ambitious goal, we have crafted a curriculum affording our diverse students access to expert instructors in each of the sub-fields of chemistry via classroom courses, hands-on laboratory courses, and research laboratories.
