The Department of Chemistry and Physics at Saint Mary’s College, Notre Dame, IN seeks qualified candidates for a tenure-track position at the assistant professor level in physical chemistry to start in fall 2023.

The successful candidate will be expected to teach 9 contact hours per semester (lecture sections are 3 hours, lab sections are 2-4 hours), primarily in our physical chemistry lecture sequence and Advanced Laboratory, as well as other advanced and introductory chemistry courses that meet departmental and institutional needs. Faculty are expected to develop an active and sustainable research program with undergraduate students and are encouraged to incorporate research in the curriculum. Other responsibilities include advising students and serving the department and college.

Candidates should have a Ph.D. in physical chemistry, or closely-related field including computational chemistry, and a strong commitment to undergraduate teaching. Postdoctoral experience is preferred, but not required.

Saint Mary’s College is a Catholic women's college in the liberal arts tradition. The College has a student body of approximately 1500 undergraduate and graduate students, including 22 percent of students of color. The Chemistry program is ACS approved and supports approximately 10 majors a year. The College has a commitment to excellence in STEM education for women and seeks to prepare women, particularly those from underrepresented groups, to be leaders in the STEM community.

To apply, please send (1) a cover letter summarizing your interest and qualifications, (2) a complete curriculum vitae, (3) a statement of teaching philosophy (2-3 pages) (4) a description of research plans that includes working with undergraduate students (3-5 pages) and describes research infrastructure needs and (5) a statement that addresses your knowledge of the importance of equity and inclusion in the classroom, and evidence of and/or plans for contributing to the advancement of these values at Saint Mary’s (1-2 pages).

All applications should be sent to: Chemistry Search Committee, Saint Mary’s College, Department of Chemistry and Physics, Notre Dame, IN 46556. Applications may be sent electronically to chemphys@saintmarys.edu. Review of applications will begin on November 4, 2022 and continue until the position is filled. Letters of reference will be solicited after initial review. More information about our department can be found at https://www.saintmarys.edu/academics/departments/chemistry.
Saint Mary's College is an Equal Opportunity Employer. In keeping with the College's mission, Saint Mary's is committed to increasing its diversity at all levels--students, faculty, and staff--and seeks applications from candidates who share this commitment.
