

## **Assistant Professor - Bioinspired Materials**

The Department of Chemistry at Syracuse University is seeking applicants in the field of experimental bioinspired materials chemistry as part of an ambitious Invest Syracuse Cluster Hire Initiative in the broad area of bioinspired science and technology (<https://bioinspired.syr.edu/>). As an integral part of this investment, Syracuse University will recruit multiple candidates for faculty positions for a research cluster in the focus area of drug delivery. Applicants for this position are expected to have a strong background in experimental inorganic or materials chemistry and establish an independent, rigorous, externally funded research group in the area of bioinspired or biomimetic chemistry with overlapping applications in, but not limited to, cell-material interactions, drug discoveries, self-assembly, and bioinspired smart materials. The candidates will also be an active participant in the organized research cluster that spans multiple departments in the College of Arts and Sciences and in the College of Engineering and Computer Science. The department and cluster are committed to diversity and inclusion in higher education and seeks candidates that will actively contribute to this mission.

To apply, go to <https://www.sujobopps.com/postings/88842> and provide a cover letter, curriculum vitae, a detailed research plan and description of interests, a teaching and diversity statement, and arrange for submission of three professional references. Review of applications will start on November 8, 2021 and will continue until the positions are filled. Please direct questions to [chemistry@syr.edu](mailto:chemistry@syr.edu).

Syracuse University is an equal-opportunity, affirmative-action institution. The University prohibits discrimination and harassment based on race, color, creed, religion, sex, gender, national origin, citizenship, ethnicity, marital status, age, disability, sexual orientation, gender identity and gender expression, veteran status, or any other status protected by applicable law to the extent prohibited by law. This nondiscrimination policy covers admissions, employment, and access to and treatment in University programs, services, and activities.
