

TEXAS A&M UNIVERSITY. The Department of Chemistry at Texas A&M University invites applications for multiple Assistant Professor positions in all areas of chemistry. Special consideration will be given to applicants in the areas of Inorganic Chemistry and Theoretical/Computational Chemistry. The starting date of the appointment is open. Successful candidates will have earned a doctoral degree in Chemistry or a closely related field, and will be expected to establish and maintain a vigorous independent research program and to teach at both the undergraduate and graduate levels.

Candidates may apply on-line at: <https://academicjobsonline.org/ajo/jobs/14233>

Alternatively, you may submit a curriculum vitae, a concise description of research plans, a one page teaching statement, and arrange for three letters of recommendation to be sent to:

Head, Department of Chemistry, Texas A&M University
P.O. Box 30012
College Station, TX 77843-3012

Review of applications will begin on October 1, 2019 and will continue until the positions are filled.

Texas A&M University is committed to enriching the learning and working environment for all visitors, students, faculty, and staff by promoting a culture that embraces inclusion, diversity, equity, and accountability. Diverse perspectives, talents, and identities are vital to accomplishing our mission and living our core values.

The Texas A&M System is an Equal Opportunity/Affirmative Action/Veterans/Disability Employer committed to diversity. The College of Science and the Department of Chemistry are dedicated to the goal of building an inclusive and culturally diverse faculty and staff who are committed to teaching and working in an environment of academic freedom and equality of opportunity.
