The Department of Chemistry at Trinity University in San Antonio, TX, invites applications for at least **three** Visiting Assistant Professors to begin in Fall 2022. Candidates must have a Ph.D. in chemistry, biochemistry, or a closely related field. One of the positions will require teaching in the Biochemistry Lectures and Labs. One position requires that the candidate be able to teach in the Organic Lectures and Labs. For the other position(s), the area of expertise is open, but the candidate must be able to teach in General Chemistry lecture and/or labs. Enthusiasm for teaching at a highly selective undergraduate institution is essential. The typical teaching load is 7 courses per year. Applicants should send a letter of application, vitae, (unofficial) undergraduate and graduate transcripts, evidence of teaching effectiveness (if available), a teaching statement, a diversity statement, and arrange for us to receive three letters of reference. Review of applications will begin immediately and will continue until the application is filled. Trinity University is an equal opportunity employer and as such provides equal opportunity for employment and advancement of all employees with regard to race, color, religion, sex, age, national origin, disability, military/veteran status, sexual orientation, gender identity, gender expression, or any status protected by Federal, State, or Local Laws. Materials should be emailed to chemistry@trinity.edu.
