Applications are invited for a tenure track position at the assistant professor level in Inorganic Chemistry or Physical Chemistry. Applicants with research in the areas of energy, catalysis, materials, and environmental chemistry are particularly encouraged to apply. We are seeking candidates with outstanding research credentials who will complement existing research strengths and demonstrate a commitment to teaching excellence. Competitive startup funds will be provided.

Applicants must submit a cover letter summarizing their background, a curriculum vita with a list of publications, and a summary of their research plans (five pages maximum). Applicants should also arrange to have three letters of reference submitted on their behalf. In order to ensure full consideration, all application materials should be submitted via apply.interfolio.com/133023 by November 10, 2023. Applications from women and underrepresented minorities are strongly encouraged. Inquiries relating to the position should be directed to Prof. Igor Rubtsov, Chair of Search Committee, (irubtsov@tulane.edu; 504-862-8943).

Tulane is a private university with approximately 7700 undergraduate and an equal number of graduate and professional students. The university has 11 schools including Science and Engineering, Medicine, Public Health, Law and Business. The Chemistry Department is a part of the School of Science and Engineering and has strong research ties within the school and with the School of Medicine.

Equal Employment Opportunity Statement
Please Note: Tulane University has officially adopted a mandatory COVID-19 vaccination policy. All employees and visiting faculty must be fully vaccinated with a COVID-19 vaccination or obtain approval for a medical or religious exemption prior to beginning employment.

Tulane University is located in New Orleans - a city with tremendous history of diverse cultures, community, and languages. Tulane is actively building a campus culture grounded in our values of EDI and anti-racism. We seek and welcome candidate applications from historically underrepresented groups, such as BIPOC (Black, Indigenous, People of Color), women, LGBTQ+, and those living with disabilities as well as veterans.

Tulane University is an Equal Employment Opportunity/Affirmative Action institution committed to excellence through diversity. Tulane University will not discriminate based upon race, ethnicity, color, sex, religion, national origin, age, disability, genetic information, sexual orientation, gender identity or expression, pregnancy, marital status, military or veteran status, or any other status or classification protected by federal, state, or local law. All eligible candidates are encouraged to apply.
