

THE UNIVERSITY *of* NORTH CAROLINA *at* CHAPEL HILL

Tenured Associate Professor – Analytical Chemistry

Department of Chemistry, University of North Carolina at Chapel Hill

The Department of Chemistry at the University of North Carolina at Chapel Hill invites applications for a tenured Associate Professor faculty position in Analytical Chemistry, broadly defined. The successful candidate will have a proven record of excellence in an emerging area of measurement science. While all areas of Analytical Chemistry will be considered, candidates with established research programs in electroanalytical chemistry, bioanalytical chemistry, and analytical separations will be given strongest consideration. Candidates are expected to have already established a vigorous independent research program and teaching excellence in Analytical Chemistry at the graduate and undergraduate levels. The University of North Carolina at Chapel Hill is committed to serving as a center for research, scholarship, and creativity, and teaching a diverse community of students and scholars (<https://www.unc.edu/about/mission/>). We welcome applications from candidates who align with our mission and values.

Applications will only be accepted electronically. Applicants should submit a cover letter, curriculum vitae, research plan, teaching statement, and 1-2 representative publications (optional) to: <https://unc.peopleadmin.com/postings/275227>. Applicants are required to list four professional references with email addresses. Each letter writer will receive an invitation to upload their reference letter. Review of applications will begin March 8, 2024, and will continue until the position is filled.

The University of North Carolina at Chapel Hill is an equal opportunity employer that welcomes all to apply, including protected veterans and individuals with disabilities.
