Assistant Professor Position in Chemistry at UNC Chapel Hill

The Department of Chemistry at the University of North Carolina at Chapel Hill invites applications for a tenure-track assistant professor faculty position in theoretical/computational physical chemistry. We seek candidates who will establish a vigorous independent research program and excel in teaching at both the graduate and undergraduate levels. The Department and University are broadly committed to equity and inclusion. It is part of our institutional mission to teach and engage a diverse community of undergraduate and graduate students, and postdoctoral scholars. We especially welcome applications from candidates who are committed to advancing these goals espoused here https://chem.unc.edu/diversity/. UNC Chapel Hill is an NSF ADVANCE site (https://cfe.unc.edu/team-advance/) and the department is committed to strong, formal mentorship for all junior faculty.

Applications will only be accepted electronically. Applicants should submit a cover letter, a curriculum vitae, research plan, teaching statement describing the applicant’s commitment to teaching excellence and diversity in chemistry, and 2-3 representative publications. Applicants should upload all application information to: https://unc.peopleadmin.com/postings/240798. Applicants must also list four references with email addresses. Each letter writer will receive an invitation to create a log in and upload their reference letter in pdf here: https://unc.peopleadmin.com/postings/240798. Review of applications will begin on 10/31/2022, and will continue until the position is filled. Questions should be directed to: Chair, Chemistry Faculty Search Committee, Department of Chemistry, University of North Carolina at Chapel Hill, Chapel Hill, NC 27599-3290, chemsearch@unc.edu.

The University of North Carolina at Chapel Hill is an equal opportunity employer that welcomes all to apply, including protected veterans and individuals with disabilities.
