

The DEPARTMENT OF CHEMICAL & BIOLOGICAL ENGINEERING at the UNIVERSITY OF WISCONSIN—MADISON invites applications for tenure-track faculty positions at the rank of Assistant Professor. Applicants are expected to have a Ph.D. in chemical engineering or a related discipline. The department seeks applicants with research interests in areas of strategic importance to the future of chemical engineering, including connections to soft materials, catalysis, and process systems research. Successful candidates are expected to create world-class research programs, teach undergraduate and graduate courses, and engage in professional service.
