

Assistant Professor of Chemistry at William & Mary

The Department of Chemistry at William & Mary seeks applications for a tenure track position at the Assistant Professor level. The appointment will begin August 10, 2020. We seek individuals with the ability to teach biochemistry and contribute to the analytical or inorganic curriculum as well as the W&M general education curriculum (COLL). The candidate is expected to establish and maintain an externally funded research program that inspires a highly motivated undergraduate student body as well as Master's students.

Required Qualifications: Applicants must hold a Ph.D. in chemistry and have at least one year of postdoctoral research experience at the time appointment begins (August 10, 2020).

Preferred Qualifications: Research expertise in bioanalytical, biomaterials or bioinorganic chemistry.

Applicants must apply online at <https://jobs.wm.edu/postings/36934>. Submit a cover letter, curriculum vitae, and academic transcripts as well as statements of research plans, teaching interests, and teaching philosophy. You will be prompted to submit online the names and email addresses of three references who will be contacted by the system with instructions for how to submit a letter of reference.

For full consideration, submit application materials by the review start date of October 18, 2019. Applications received after the review date will be considered if needed. Information on the degree programs in the Department of Chemistry may be found at <https://www.wm.edu/as/chemistry/index.php>.

William & Mary is an Equal Opportunity/Affirmative Action/Equal Access employer and actively encourages applications from minorities, women, disabled persons and veterans.
