Assistant/Associate Professor Chemistry

The College of Arts & Sciences at Washington State University invites applications to fill two open tenured or tenure track positions at either the Associate or Assistant Professor rank in the Department of Chemistry at the Pullman campus starting August 2023. The successful candidate will develop and maintain an innovative, competitive, vigorous, and nationally and internationally recognized research program in Chemistry. The positions are open to all applicants with interests and expertise in physical, analytical, inorganic, analytical, radiochemistry, or biochemistry. Essential responsibilities include establishing and maintaining an externally funded research program, advising graduate students and undergraduates in research, teaching graduate and undergraduate courses in chemistry and/or biochemistry, participating in curriculum development within one or more of the department’s current divisions, participating in the recruitment of students into the Department, participating in Departmental, College and University faculty activities, and contributing to the diversity and excellence of the university community through teaching, research, and service.

The search will remain open until both positions are filled but expect the final decisions to be made by February 24, 2023. Review of completed applications will begin on December 05, 2022 and will continue until the position is filled. Apply to the position at https://wsu.wd5.myworkdayjobs.com/WSU_Jobs/job/Pullman-WA/Assistant-or-Associate-Professor-of-Chemistry_R-7962. Please upload (1) a statement of interest in the position, (2) a detailed research proposal (including estimated startup requirements), (3) a statement of teaching philosophy, (4) a diversity equity and inclusion statement, and (5) a current curriculum vitae. In addition, please arrange for three letters of recommendation addressing research potential, teaching, and communication skills to be sent to chem.faculty.search@wsu.edu. Inquiries should be directed to Dr. James Brozik, Chair of the Search Committee, by email at brozik@wsu.edu. Please cc Ms. Lauren Hatley (lauren.hatley@wsu.edu). Please see the full Notice of Vacancy at https://chem.wsu.edu/home-2/employment-opportunities/ before submitting your application materials.
