

**Physical Chemist.** The Wabash College Chemistry Department invites applications for a tenure-track Byron K. Trippet Assistant Professor position in Physical Chemistry or a related field to begin July 1, 2022. A Ph.D. is required. A strong commitment to engaging and evidence-based teaching practices that support student success alongside excellence and innovation in research in an undergraduate liberal arts setting is expected. The successful candidate will teach physical chemistry and contribute to first-year chemistry and all-College courses. Establishment of a research program involving undergraduates is expected. The Chemistry Department is ACS certified, has six full time faculty, and excellent facilities, instrumentation, and support for undergraduate research. Further information about the department can be obtained from <http://www.wabash.edu/academics/chemistry>. A letter of application, vitae, unofficial undergraduate and graduate transcripts, statement of teaching principles, statement of research plans suitable for undergraduate participation, and email addresses for three individuals who will submit letters of recommendation should be submitted on-line at [www.wabash.edu/employment](http://www.wabash.edu/employment) with review of applications to begin on October 1. Questions may be directed to Dr. Laura Wysocki, Chair at [wysockil@wabash.edu](mailto:wysockil@wabash.edu). Wabash College, a liberal arts college for men, seeks faculty and staff who are committed to providing quality engagement with students, high levels of academic challenge and support, and meaningful experiences that prepare students for life and leadership among diverse populations around the globe. Wabash is an equal opportunity employer and welcomes applications from persons of all backgrounds.
